

MONTEREY

ENGINEERED HARDWOOD FLOORING

MULTIPLE WIDTHS

Leading technology is used to enhance the beauty of nature in the Monterey Hardwood Flooring Collection, which adds a modern twist to a historical, European influence. The floors are meticulously crafted out of maple and hickory, combining random width planks (4", 6", 8") and lengths (up to 6'2").

Each plank is carefully sculpted and wire brushed by hand, using our 2mm slice-cut style. The low-luster Truemark® Glaze Tek finish adds durability to these fashionable floors.
