HALLMARK HARDWOODS® SLABS

EXTREME STABILITY INNOVATIVE STRUCTURE EXCLUSIVE DESIGN

Hallmark Hardwoods® is the innovative manufacturer of engineered hardwood and bamboo slabs, utilizing sustainably grown North American Maple, Walnut & Hickory, European White Oak, and responsibly harvested Bamboo from Asia. Ideal for residential and commercial installations, our engineered slabs are the perfect solution for interior islands, countertops, tabletops and other furniture & architectural applications.

Our Cross-Core technology features solid-cut pickets of species-specific material laid perpendicularly between the exterior planks, creating a balanced structure for maximum core stability and performance. Utilizing premium bonding agents, slabs are TSCA Title VI Compliant to ensure indoor air quality.

*Layer thicknesses differ slightly for Bamboo products.

Premium edges are enclosed. Visuals & samples show internal end grain to illustrate durability & stability.

AMERICAN MAPLE

98" x 39" x 1.5"
98" x 25" x 1.5"

AMERICAN WALNUT

98" x 39" x 1.5"
98" x 25" x 1.5"
